

Essential Evangelization

Happy Mother's Day!

What would we do or have done without our mothers! God has entrusted mothers with the most important job in the world. And if you are a mom and reading this - Thank You!!! Many of us would agree that moms in many cases have been our ultimate protectors, encouragers, helpers, self esteem builders and even the faith builders in our families. They take care of us when we are down or sick, they feed us so well and are always there when we need a shoulder to cry on. Thank God for Moms!!! God has "programmed" moms with compassion, unconditional love, patience and the strength to see us through even the toughest of times!

If you are a mom there a couple of great websites to help you and encourage you in your great work and Catholic life faith walk: one is catholicmom.com. This website celebrates faith, family, and fun from a Catholic perspective. Enjoy fresh perspectives from the wonderful columnists and read the latest selections from their Book Club. There are even creative activities to help your child make the most of the Liturgy of the Word with fun Sunday Gospel activities. You can even listen to weekly Catholic Moments Podcasts for great interviews from Catholic moms and items of interest.

Another great site for Catholic women is lhla.org/canticle. This website is the base of the very wonderful Canticle Magazine and the voice of "Women of Grace". "Women of Grace" is a lay apostolate devoted to the faithful Catholic and other Christian women from every walk of life who want: a deeper relationship with Christ and His Church; a better understanding of the "feminine genius,"; and to use their gifts to bring God's love to their world. Check them out! And if your mom is still here on this earth, let her know today how much she means to you, and be sure to say "Thanks Mom, I love you!" and a Very Happy Mother's Day to you too!!!
